

**Seafarers Department CIRCULAR LETTER No. SDC-22-03 Merchant Marine**

Issued under the authority of the Merchant Ships (Registration) Act of 2010 (Part 1/Section 5)

To: DEPUTY REGISTRARS, Vessel Managers, Ship Owners, Seafares, Seafarers Crewing Agents, Port State Control.

Subject: IMMARBE Seafarers Department IMO FAL FORM 5 (Crew List) Standardization

INTRODUCTION

The International Merchant Marine Registry of Belize has completed the process of updating its Fal Form 5 (Crew List) to include the information necessary to match up with the needs of our operational departments.

PURPOSE

IMMARBE has taken the opportunity to approve an amended version of the FAL Form 5 to match up with our operational requirements. We want to encourage all stakeholders to take note of the mandatory changes made.

BACKGROUND

As you all may know, we have implemented a Self-Inspection procedure that is monitored by our Technical Department for vessels trading with the Belize flag globally. Within this self-inspection procedure, includes the need for the submission of an updated crew list for proper verification of the qualifications of persons operating onboard in line with the approved Manning for the vessel. We have found that there is a need for enhancing this process. The crew list format we are presenting today will act as support for this program and will allow us to analyze data more effectively.

CONTENT

We ask that all the relevant stakeholders should adhere to this circular and kindly facilitate the use of this crew list model to replace all the older ones and phase them out by the commencement date.
